Plant Cell, Tissue and Organ Culture **37**: 309–311, 1994.

CONTENTS Volume 37 1994

Volume 37 No. 1

Original research papers

PEG-tolerant cell clones of chili pepper: Growth, osmotic potentials and solute accumulation 1
M. del Socorro Santos-Díaz, N. Ochoa-Alejo

Photosynthesis in callus cultures of *Choisya ternata* Rutaceae 9
J. Chreche, M. Rideau, J.C. Leclerc

Use of low-cost gelling agents and suppport matrices for industrial scale plant tissue culture 15
P. Bhattacharya, S. Dey, B.C. Bhattacharyya

Single-cell cloning of a crown gall from protoplasts regenerated in hormone-free medium. Establishment of pure transformed cell-lines of *Catharanthus roseus* 25
J. Trémouillaux-Guiller, H. Kodja, J.C. Chénieux

The methylation status of DNA derived from potato plants recovered from slow growth 31
K. Harding

Stably transformed cell lines from protoplasts of maize endosperm suspension cultures 38
S. Faranda, A. Genga, A. Viotti, L.A. Manzocchi

Development of a simple particle bombardment device for gene transfer into plant cells 47
D.C.W. Brown, L. Tian, D.J. Buckley, M. Lefebvre, A. McGrath, J. Webb

Effects of media on embryo enlargement, germination and plant development in early-ripening genotypes of *Prunus* grown in vitro 55
R.L. Emershad, D.W. Ramming

Initiation of embryogenesis from cultured barley microspores: a further investigation into the toxic effects of sucrose and glucose 61
P. Scott, R.L. Lyne

Antifeedant effects of in vitro culture extracts of the neem tree, *Azadirachta indica* against the desert locust (*Schistocerca gregaria* (Forskål)) 67
M.-L. Kearney, E.J. Allan, J.E. Hooker, A.J. Mordue (Luntz)

Importance of the iron chelate formula for micropropagation of *Rosa hybrida* L. 'Moneyway' 73
T.P.M. Van der Salm, C.J.G. Van der Toorn, C.H. Hänisch ten Cate, L.A.M. Dubois, D.P. de Vries, H.J.M. Dons

Research notes

Somatic embryogenesis in *Simarouba glauca* 79
G.R. Rout, P. Das

Somatic embryogenesis and plant regeneration of *Nerium oleander* 83
I. Santos, I. Guimarães, R. Salema

Improvement of adventitious shoot formation from carnation leaf explants 87
A.C. van Altvorst, H.J.J. Koehorst, T. Bruinsma, J.J.M. Dons

Volume 37 No. 2

Original research papers

Somatic embryogenesis from cultured mature cotyledons of cassava (*Manihot esculenta* Crantz); identification of parameters influencing the frequency of embryogenesis 91
N.K. Konan, R.S. Sangwan, B.S. Sangwan

Picolinic acid-induced direct somatic embryogenesis in sweet potato 103
N.V. Desamero, B.B. Rhodes, D.R. Decoteau, W.C. Bridges

Microtuberization of layered shoots and nodal cuttings of potato: The influence of growth regulators and incubation periods 113
Y. Leclerc, D.J. Donnelly, J.E.A. Seabrook

Differential expression of a cell wall-localized peroxidase isoenzyme capable of oxidizing 4-hydroxystilbenes during the cell culture of grapevine (*Vitis vinifera* cv. Airen and Monastrell) 121
A.A. Calderón, J.M. Zapata, A. Ros Barceló

Induction of microspore embryogenesis in *Camellia japonica* cv. Elegans 129
M.C. Pedroso, M.S. Pais

Production and characterization of intergeneric somatic hybrids through protoplast electrofusion between potato (*Solanum tuberosum*) and *Lycopersicon pennellii* 137
I. Sherraf, S. Tizroutine, M.H. Chaput, M. Allot, I. Mussio, D. Sihachakr, L. Rossignol, G. Ducreux

Plant regeneration from stem and petiole protoplasts of sweet potato (*Ipomoea batatas*) and its wild relative, *I. lacunosa* 145
M.M. Belarmino, T. Abe, T. Sasahara

Scale-up of somatic embryogenesis in alfalfa (*Medicago sativa* L.). I. Subculture and indirect secondary somatic embryogenesis 151
F.-M. Lai, B.D. McKersie

Regeneration of plantlets through organogenesis from mature embryos of jack pine 159
I.S. Harry, T.A. Thorpe

Anther culture response of *Hordeum spontaneum* – 177 derived winter barley lines 165
S. Kintzios, G. Fischbeck

The influence of gas permeability of the culture lid on calcium uptake and stomatal function in *Dianthus* microplants 171
A.C. Cassells, C. Walsh

Simplified construction and performance of a device for particle bombardment 179
D.J. Gray, E. Hiebert, C.M. Lin, M.E. Compton, D.W. McColley, R.J. Harrison, V.P. Gaba

Short-term studies of $^{15}NO_3^-$ and $^{15}NH_4^+$ uptake by micropropagated strawberry shoots cultured with or without CO_2 enrichment 185
C. Hdider, L.-P. Vézina, Y. Desjardins

Effects of auxins and cytokinins on formation of Catharanthus roseus G. Don multiple shoots 193
Y.-J. Yuan, T.-T. Hu, Y.-M. Yang

Research notes

Micropropagation of *Hieracium aurantiacum* 197
R.A. Bicknell

In vitro culture of *Sophora toromiro* (Papilionaceae), an endangered species 201
L. Iturriaga, M. Jordan, C. Roveraro, A. Goreux

Somatic embryogenesis in cultured mature zygotic embryos of *Abies balsamea* 205
T.G. Guevin, V. Micah, E.G. Kirby

Somatic embryogenesis from styles of lemon (*Citrus limon*) 209
F. Carimi, F. De Pasquale, F.G. Crescimanno

Establishment of callus and cell suspension cultures of raspberry (*Rubus idaeus* cv. Royalty) 213
W. Borejsza-Wysocki, G. Hrazdin

Volume 37 No. 3

Review paper

Statistical methods suitable for the analysis of plant tissue culture data 217
M.E. Compton

Regular papers

Genetic transformation of cocoa leaf cells using *Agrobacterium tumefaciens* 243
S.L. Sain, K.K. Oduro, D.B. Furtek

Enhancement of shoot regeneration from cotyledon explants of *Brassica rapa* ssp *oleifera* through pretreatment with auxin and cytokinin and use of ethylene inhibitors 253
L. Burnett, M. Arnoldo, S. Yarrow, B. Huang

Factors that affect leaf regeneration efficiency in apple, and effect of antibiotics in morphogenesis 257
L.M. Yepes, H.S. Aldwinckle

Stimulation of *in vitro* root and shoot growth of potato by increasing sucrose concentration in the presence of fluridone, an inhibitor of abscisic acid synthesis 271
B.M.R. Harvey, G. Bowden, C. Reavey, C. Selby

Ultrastructure of sunflower protoplast derived calluses differing in their regenerative potential 277
A.v. Keller, N. Frey-Koonen, R. Wingender, H. Schnabl

Forced flushing of branch segments as a method for obtaining reactive explants of mature *Quercus robur* trees for micropropagation 287
A.M. Vieitez, M. Concepción Sánchez, J.B. Amo-Marco, A. Ballester

Micropropagation of *Frazinus angustifolia* from mature and juvenile plant material 297
M.A. Perez-Parron, M.E. Gonzalez-Benito, C. Perez
